Atlantic Eye Symposium

Dr. Amin Kherani completed most of his education including his Medical Degree and Residency in Ophthalmology at the University of Alberta. In 2000, he completed a medical and surgical Retinal Fellowship at the University of Iowa Hospitals and Clinics. He is an Associate Clinical Professor at the University of Calgary, and Partner and Co-founder of Calgary Retina Consultants and the Southern Alberta Eye Center. Dr. Kherani is the Director for the Office of Surgical Fellowship and is the Co-Director of the Retina Fellowship Program in Calgary; he is also heavily involved in clinical research. In 2016, Dr. Kherani became the President of the Canadian Retina Society, where he is continuing to develop this young society and their progress in innovation
