

AES

Atlantic Eye Symposium

Vivek R. Patel, M.D., is Professor of Clinical Ophthalmology and Chief of Neuro-ophthalmology at the University of California, Irvine, Gavin Herbert Eye Institute. He completed medical school at the University of Saskatchewan, ophthalmology residency at McGill University, and neuro-ophthalmology fellowship at USC/Doheny Eye Institute. Dr. Patel is a dedicated educator, having served as a Residency and Fellowship Program Director. He currently directs the Neuro-ophthalmology & Adult Strabismus fellowship at UCI and is co-director of their international Neuro-ophthalmology & Orbital Surgery fellowship.

Dr. Patel is a co-author of the 3rd and 4th editions of Walsh & Hoyt's Clinical Neuro-Ophthalmology: The Essentials. He serves as an Associate Editor for the Journal of Neuro-Ophthalmology and is an examiner for the American Board of Ophthalmology. Dr. Patel's research focuses on studying structural and functional changes in the visual pathways following retinal and optic nerve injury, using diffusion tensor tractography and functional MRI techniques, funded by the NIH to delve deeper into this emerging area of neuroscience
