

AES

Atlantic Eye Symposium

Dr. Brennan Eadie is currently the Glaucoma Clinical Fellow in the Department of Ophthalmology and Visual Sciences at Dalhousie University in Halifax Nova Scotia. He earned his MSc, MD, and PhD degrees at the University of British Columbia with a research focus in neuroscience, and specifically neural plasticity. He also completed his ophthalmology FRCSC residency training at the University of British Columbia. He has published several articles in both neuroscience and ophthalmology, and won multiple speaking and funding awards. During his residency, he was selected as chief resident by his co-residents and facilitated many positive changes to the UBC Ophthalmology Residency training program. Dr. Eadie enjoys engaging and teaching residents and medical students whenever possible. Dr. Eadie will continue to focus his research efforts on improved glaucoma diagnostic tools and his clinical efforts on providing patients the best medical and surgical management available.
