Dr. Nancy J. Newman holds the LeoDelle Jolley Chair of Ophthalmology, and is Professor of Ophthalmology and Neurology and Instructor in Neurological Surgery at the Emory University School of Medicine, where she serves as the Director of Neuro-Ophthalmology. She attended Princeton University, the University of London on a Marshall Scholarship, and Harvard Medical School. She trained in Internal Medicine and Neurology at the Massachusetts General Hospital where she was Chief Resident in Neurology, and in Neuro-Ophthalmology at the Massachusetts Eye and Ear Infirmary. She is a Fellow of the American Academy of Neurology, the American Neurological Association, and the North American Neuro-Ophthalmology Society. She was President of the North American Neuro-Ophthalmology Society from 2014 to 2016, Chair of the Board of Directors from 2016 to 2018, and has since been Senior Vice President for Education. She has served on the Editorial Boards of the American Journal of Ophthalmology, Seminars in Neurology, Journal of the Neurological Sciences and the Journal of Neuro-Ophthalmology. She has over 600 publications, including scientific articles, book chapters and books, including the primary textbook in Neuro-Ophthalmology, *Walsh & Hoyt's Clinical Neuro-Ophthalmology, 5th and 6th Editions*, and the popular manual *Neuro-Ophthalmology Illustrated, 1st, 2nd and 3rd Editions*. She has received many teaching and service awards nationally. She has lectured widely throughout the world and is known for her innovative teaching style. Her main research interests include disorders of the optic nerve and mitochondrial diseases. She is a Trustee Emerita of the Board of Trustees of Princeton University and also served as President of the Princeton University Alumni Association.
